Returning this Fall — A One-of-a Kind Event!

An event for all ages, all income levels, all shades of green!

Come and learn about:

- **Locally-Grown Foods** — Basic gardening, best practices, organics, beekeeping, cooking demos, food preservation, edible mushrooms, aquaculture, small-scale livestock, and building a local food system to feed our region.

- **Energy** — Home energy efficiency, conservation and renewable alternatives; solar ovens, geothermal, weatherization, and windmills; from cost-saving light bulbs to living off the grid!

- **Consumer** — Buying local, home composting, creative recycling, healthy diets on a budget. Spending your limited income wisely!

- **Conservation** — Wildlife habitat and timber management, hunting leases, backyard landscaping, birds, reptiles, invasive weeds, soil & water quality, pond management, and incentives. Leaving the land better than you found it.

- **Survival** — Disaster preparation and recovery, farm safety, neighborhood mapping, wilderness first aid, wild edibles, cleaning your catch, and more!

Dixon Springs Agricultural Center

**Saturday, October 22, 2011**

9 a.m. to 4 p.m.

**FREE ADMISSION** — Open to the Public

Landowners, homeowners, consumers — YOU!

Informative Presentations, Demonstrations, Exhibits, Local Artisans and Vendors.

Bring the whole family — kid’s activity area, and more!

“A Country Boy Can Survive” meets “The Victory Garden” and everything in between!

Drawings for Local Products and Artisan Creations!

(Donation of items appreciated; must be present to win.)
