**Rend Lake College offers:**

### **Apprenticeship Programs: Learn While You Earn**

Apprenticeship is an industry-driven, high-quality career pathway where employers can develop and prepare their future workforce, and individuals can obtain paid work experience, classroom instruction, and a portable, nationally-recognized credential.

### **Short Term Certificate Programs: The Fast Track to Careers**

Certificates are non-degree awards for completing an educational program of study. Most certificates take less than a year to complete, and almost all are designed to take less than 2 years. People usually earn certificates to help them prepare for a specific occupation; in other words, certificates are for people who want to train for a job rather than to earn a college degree.

Rend Lake College does not discriminate based on race, religion, color, national origin, disability, age or gender orientation. Reasonable accommodations available upon request. Adult Basic Education is funded in part by the Illinois Community College Board Adult Education and Literacy. Federal funds in the amount of \$96,402 provide 38% of the support of this program. \*GED® and the GED Testing Service® are registered trademarks of the American Council on Education® and may not be used or reproduced without the express written permission of the American Council on Education.™
