Chem Lab Technician will monitor and approve all required quality checks of in-process materials and finished products of GMP regulated finished products produced. Work schedule is 7:00 a.m. to 3:30 p.m., Monday through Friday. Benefits include medical, dental, and vision insurance; 401K plan; paid vacation and holidays.

Job Duties

- Use technical equipment and instruments to perform tests and analyses
- Perform routine maintenance and calibration of instruments
- Monitor and approve all the finished products
- Prepare samples according to procedures as it applies to GMP regulated products
- Conduct key quality tests such as pH, density, mesh, LOD, LOI, Ca, F, etc.
- Record and organize the results of tests and analyses
- Prepare C of A for the finished product.
- Organize and clean samples, instruments, and work area
- Ensures that inspections are conducted prior to the processing of raw materials, ingredients, products, and package specifications.
- Works with other departments

Skills

- Effective verbal, listening, and communication skills
- Pays close attention to detail, works efficiently, and manages time effectively
- Highly organized approach to sampling/tracking/processing
- Excellent analytical skills
- Committed to excellence
- Proficient with Microsoft Office and Excel worksheets.
- Ability to wear safety PPE

Qualifications

- An associate's or bachelor's degree in a chemistry field preferred
- 1-3+ years of experience desired
- Knowledge of GMP requirements desired
- Knowledge of HACCP requirements desired
- Knowledge of FDA requirements desired

About NEI
