

**Man-Tra-Con Corporation** is working with a local employer to fill the following positions:

**Job Title:** Energy Auditor (EP-080222-01)

**Location:** Various locations within Southern Illinois

**Salary:** \$60-100 per home, based on experience

### **Job Description**

**Sparrow Energy Services** in Peoria, Illinois is seeking candidates to fill Energy Auditor positions serving Southern Illinois. Work days are Monday through Friday. This is a contractor position.

**Sparrow Energy Services** offers over 30 years of combined energy efficiency implementation experience. As a Nationally Certified Minority Business Enterprise (MBE), a Nationally Certified Women Business Enterprise (WBE), and a Woman-Owned Small Business (WOSB), we are committed to diversity, equity, and inclusion.

Our owners created a company that was dedicated to excellence. Join our team today! Sparrow Energy is seeking an experienced energy auditor to add to our growing team. In this role, it will be your job to assist our customers in energy assessments and direct installation of energy efficient measures.

### **Our Energy Auditor will:**

- Calculate potential for energy savings
- Identify any health or safety issues related to planned weatherization projects
- Collect and analyze field data related to energy usage
- Verify income eligibility of participants in publicly financed weatherization programs
- Install energy efficient measures

The energy audits will be performed for residential customer. Our Energy Auditor will inspect homes to assess current energy use then make recommendations to optimize efficiency, install energy saving measures and minimize cost.

An ideal candidate will have experience as a field technician, energy auditor or journeyman electrician. Our Energy Auditor needs to have a deep familiarity with various types of electrical systems, fixtures, and components. Our Energy Auditor must be able to repair electrical uses with a variety of tools and techniques. Their work also requires them to follow OSHA safety requirements and to safely use ladders, scaffolding, and platforms.

### **Energy Auditor Responsibilities:**

- Drive yourself to our job sites and assess their energy saving needs
- Use a variety of tools and techniques to install energy measures
- Answer any questions that our customers may have about their electrical systems and components
- Ensure that you follow all safety requirements and OSHA guidelines while you work
- All other tasks assigned by supervisor

**Energy Auditor Requirements:**

- High school diploma or equivalent
- Valid driver's license
- Formal electrician training
- Ability to use a wide variety of electrician tools and techniques
- Ability to interpret electrical blueprints and schematics
- Strong customer service skills
